The schedule will state the times within which articles will be required to be delivered; and where the printed schedule is not used the pariods stated in it for deliveries must be copied in the bids. All the articles which may be contracted for must be delivered at such place or places, including drayage and cartage to the place where used within the navy-yards, respectively, for which the offer is made, as may be directed by the commanding officer thereof; and, all other things being equal, preference will be given to American manufacture. No article will be received atter the estyriation of the period specified in the schedules for the completion of deliveries, unless specially anthorized by the department.

It is to be provided in the contract, and to be distinctly understood by the bidders, that the amount and number of articles enumerated in classes headed "miscellaneous" are specified as the probable quantity which may be required, as well as to fix data for determining the lowest bid; but the contractor is to furnish more or less of the said enumerated articles, and in such quantities, and at such fines, as the bureau or omnandant wany require; such increase, however, not to exceed one-third of the quantities studied, (and requisitions sent through the past office shall be deemed sufficient notice,) during the fineal year ending 30th June, 1858; and whether the quantities required he more or less than those specified the prices shall remain the same.

All the articles under the contract must be of the best quality, delivered in good order, free of all and every charge or expense to the government, and subject to the napsection, count, weight, or measurement of the said navy-yard, and be in all respects assistancery to the commandant thereof. Bidders are referred to the yard for plane, specifications, or samples, and any further description of the articles and heaves the place where the articles are to be delivered, will be required to make the ya

lt is to be provided in the contract that the bureau shall have the power of annulling the contract, without loss or damage to the government, in case Congress shall not have made sufficient appropriations for the articles named, or for the completion of works estimated for, and on which this advertisement is based, and shall also have the power to increase or diminsh the quantities named in the classes not headed "misoclianeous" in the achedule twenty-five per cent. Persons whose offers shall be accepted will be notified by letter through the post office, which notice shall be considered sufficient; and, if they do not enter into contract for the supplies specified within fitteen days from the date of notice from the bureau of the acceptance of their bid, a contract will be made with some other person or persons, and the guarantors of such defaulting bidder will be held responsible for all delinquencies.

All offers not made in strict conformally with this advertisement will, at the option of the bureau, he rejected.

Those only whose offers may be accepted will be notified, and contracts will be ready for execution as soon thereafter as may be practicable.

Cierk's Office, March 31, 1887.

In pursuance of the seventeenth section of the act of Congress of the 28th August, 1842, entitied "An act legalizing and making appropriations for such necessary objects as have been usually included in the general appropriation bills without authority of law, and to fix and provide for certain incidental expenses of the departments and offices of government, and for other purposes," scaled proposals will be received at this office until Monday, the 1st day of June next, at 12 o'clock, m., for furnishing the following articles of stationery for the use of the House of Representatives during the Thirty-iffit Congress, viz:

Proposals for Live Oak.

CEALED PROPOSALS for delivering 50,000 cubic fost of promiscuous live oak in each of the mayy-yards at Charles town, Massachusetta; Brooklyn, New York; Philadelphia, and at Gooport, Virginia, will be received at this bureau until the 18th June,

contract, and, as additional and collateral security. 15 per cent. will be withheld on the amount of each delivery until the contract is completed.

In all the deliveries of the timber there must be a due proportion of the most difficult and crocked pieces, otherwise there will be withheld such further amount, in addition to the 15 per cent, as may be judged expedient to secure the public interest until such difficult per tions be delivered. The remaining 85 per cent,, or other proportion of each bill, when approved in triplicate by the commandant of the yard, will be paid by such may agent as the contractor may name within thirty days after its presentation to him.

It will be stipulated in the contract that if default be made by the parties of the first part in delivering all or any of the timber names of the quality and at the time and place provided, then and in that case the contractor and his sureties will forfeit and pay to the United States a sum of money not exceeding twice the total amount therein agreed upon as the price to be paid in case of the actual delivery thereof, which may be recovered from time to time, according to the act of Congress in that case provided, approved March 3, 1443.

The 50,000 cubic feet to be delivered in each yard will be in the following proportions—any 8,000 cubic feet of Keebons, and pleces suitable for lower stems, storn posts, storn-post knows, force deadwood, aprons, all sitting 18 and 20 inches, and beckes along 14 and 16 inches. These pieces to be in number in the proportions in which they enter into the construction of a ship-of-war, conforming substantially in slape, length, and character with those heretofore received with frames of corresponding siding, the moulds of which can be seen at any of the yards name.

32,000 cubic feet of the siding of 13 and 15 inches, in about equal quantities of fem 13 to 30 inches or more in that length; and two-thirds the number of the pieces to have from the mean to the maximum recrock; also, 5,000 cubic feet of the siding to th

Horm of Offer.

Porm of Offer.

1, of the States navy-yard at fifty thousand deliver at the United States navy-yard at fifty thousand cubic feet of live-oak timber, in conformity with the advertisement of the Bureau of Construction of the date of May 2, 1857, viz:

8,000 cubic feet, suitable for principle pieces, sided 15 and 20 inches, at per foot.

32,000 cubic feet curved timber, sided 13 and 15 inches, length 13 to 17 feet, at per foot.

5,000 cubic feet curved timber, sided 12 inches, length 13 to 17 feet, at per foot.

5,000 cubic feet timber, siding 13 and 15 inches, length 17 to 20 feet, at per foot.

Total value:

Should my offer be accepted, I request to be addressed at and the contract forwarded to the navy agent at for aignature and certificate.

(Date.)

A B.

The undersigned, of in the State of hereby guaranty that, in case the foregoing bid be accepted, will, within ten days after the receipt of the contract at the post office named, or navy agency designated, execute the contract for the same, with good and sufficient sureties; in case said shall full to enter the contract of the same, with good and sufficient sureties; in case said shall full to enter the contract of the different sureties.

(To be signed by the United States district judge, United States district attorney, collector, or navy agent, and no other.)

Washington Aqueduct.

DROPOSALS are invited for materials and work

for the Washington aqueduct.

The May will be opened at noon of that day.

Maps, profiles, and specifications of the materials and work to be let will be ready for examination at this office on and after the 20th April next.

The work to be let will embrace maconry of some of the bridges, graduation, excavation, and embankment of reservoirs, from pipes connected with the reservoirs, 12-inch iron main, gate houses, bricks, sand, rubble, and cut stone, &c.

For the particular works and materials reference is made to the specifications and plans.

nected with the reservoirs 12 inch iron main, gate houses, bricks, sand, rubble, and cut stone, &c.

For the particular works and materials reference is made to the specifications and plans.

As upon a portion of the line the titles are not yet acquired by the United States, there may be some delay in commencing the work thereon; but for such unavoidable delays due allowance will be made in the time of completion.

Portions only of some of the works can be completed under the present appropriation; but all contracts for unfinished work will be subject to future appropriations by Coogress. The sugmeer reserves the right to prescribe the amount of work to be done and rate of progress under each contract for each appropriation; and in case of the appropriation to holding out sufficiently, to decide when and what works shall be stopped until funds become available.

In case of the entire stoppage of any particular work for want of funds, the reserved ten per cent, will be paid, if, in the judgment of the engineer, the work has been properly executed so far as it has gone.

Payments will be made in specie checks upon the United States treasury upon the mosthly estimates of the engineer, reserving 10 per cent; and it will be a condition of all contracts that the workmen shall be paid their full wages monthly, and in specie.

All bids should be scaled, and endorsed "Proposals for work or materials on the Washington Aqueduct."

The United States reserves the right to reject any or all the hids should be scaled, and endorsed "Proposals for work or materials on the Washington Aqueduct."

The United States reserves the right to reject any or all the hids should be scaled, and endorsed "Proposals for work or materials on the Washington Aqueduct."

The United States reserves the right to reject any or all the hids should be year to be accompanied by the certificate of the United States district autores, may agent, or some officer of the general government or individual known to the Engineer or Department of War, that the gu

By the act approved June 17, 1844, the Secretary of the Senate is "directed to contine his purchases exclusively to articles of the growth and manufacture of the United States, provided the same can be precured of such growth and manufacture of suitable quality, and at reasonable prices, upon as good terms as to quality and price as can be obtained of foreign growth and manufacture." A preference will therefore be given to the provinctions of American industry, and all persons making proposals to supply any article will state whether the same is of the growth and manufacture of the United States.

The articles must be delivered at the office of the Secretary of the

conate at Washington, free of any charge for carriage, on or before the 9th of September next.

Senate at Washington, free of any charge for carriage, us or before the 16th of September next.

**Recey article suar be of the very best quality, unless as inferior article is called for.

It is estimated that the quantities above mentioned will be required for the first session; but the right is reserved to the Secretary to order, upon giving reasonable notice, any additional quantities during that assaino, or for any subsequent assaino of the Thirty-fifth Congress.

A sufficient specimen of each article proposed for (of paper half a quire, and of envelopes 25) is to accompany the proposal, and to be marked with the name of the proposer and the price of the article, and of paper the weight per ream. The whole of each article aspecified in the foregoing list will be deemed a class; and the person offering to furnish any such class at the lowest price (quality considered) will receive a contract for the same on exceuting a bond, with two or more suretime satisfactory to the Secretary of the Senate, for the performance thereof, under a forbiture of twice the contract price in case of failure, which bond is to be filled in the office of time and Secretary within ten days after the proposals have been accepted.

**Person exteller contracted for should not be delivered within the time.

the omes of the said Secretary within ten days after the proposals have been accepted.

If any article contracted for should not be delivered within the time stipulated, or should be inferior in any respect to the sample, the bend of the contractor will be put in suit.

Proposals should be endorsed "Proposals for stationery for the Senate," and be directed to the Secretary of the Senate at Washing.

Sale of Indian Trust Lands in Kansas Terri-

PROCLAMATION

BY THE PRESIDENT OF THE UNITED STATES IN pursuance of law, I, FRANKLIN PIERCE, President of the United States, de hereby declare and make known that a public sale will be held at lows Point, beniphan county, it but for a public sale will be held at lows Point, beniphan county, it but Territory of Kansac, commencing on Tuesday, the fifth day of May next, for the population of such low of the lands held in trust by the United States for the benefit of the lows tribe of Indians as are situated with-in the undermentioned townships of land in said Territory, and coded by said Indians in trust as aforesaid, to wit:

W. S. WOOLSIDE, Master of Transportation.

Mount Washington Female College, situation, located at Mount Washington, six rolles out on the Northern Central railroad, and chartered by the Maryland legislature, will open on the first Wednesday in May, 1857, with a full faculty of experienced instructors, consisting of five gentleman and several ladies. This college is all that could well be desired for the purposes of a faithed female obsertion. No pains or expenses have been spared to make it what it ought to be in all respects. The locality is highly as tobrious and pictoresque, and has been separed as one of the most desirable in the State. The shady and beautiful grounds afford surple scope for pleasant walks and healthful recreation. The building is a large, imposing brick edifice, (erected expressly for a first-class female college,) thoroughly ventilated, lighted with sax, hardsomely furnished, water supplied to each story, and has accommodations for about 100 boarders. The establishment is very complete, costing not less than \$40,000. During this the first year of its operation, it numbers of boarders.

Catalogues and further information may be obtained at the Union office; and of Rev. Dr. E. Heiner and Hon, J. Vansant, Baltimore; and Rev. George Lewis Scaley, Principal, Mount Washington, Maryland.

President of the Board of Visiters.

UNITED STATES NAVAL COURT OF INQUIRY, Washington, February 26, 1857. THE judge advocate gives notice, for the information of parties coming before the court under the 1st section of the act of January 16, 1857, that they will respectively be advised by the department when their cases shall have been referred to the court; and that it is desirable that in presenting themselves they should come prepared with a list of such witnesses as they may desire to have summoned, specifying to which offer the respective heads of "diness for the mayal service" mentioned in the act their feelings is to be applied respectively; and suggesting the delay, if any, which may be required; and in respect of what witnesses.

J. M. CAHLELE, Judge Advocate.

IMPORTANT TO COTTON PLANTERS, by which their incomes must be doubled.—The undersigned has invented and obtained letters patent from the United States for the errangement and combination of machinery for converting seed cotton into yaras by one continuous process, from the gir through the various preparation and spinning machinery, until it is ready for shipment or weaving.

The nawing from waste by this process will be at least ten per cent, and yaras made from the flore captions will be present process used to open and discharged by will be about fifty per cent, stronger and heavier, and will command the markets of the world, distancing all competition at advanced prices.

The undersigned is prepared to dispuse of privileges to use his patent; and planters will be informed as to terms, with complete its tructions how to use it, how to obtain this best machinery, and all other necessary particulars, on application addressed to
